zoe.haskett@m3property.com.au

Zoe is the Research Manager for the Adelaide office and is responsible for the state office's comprehensive internal market reports and undertakes in-depth data analysis and forecasts across all property and special use sectors. In addition, she prepares client research publications for our extensive client base and assists in consultancy work and independent advisory for clients.

Zoe possesses over eight years' experience in the property industry, specialising in retail leases and property research, covering a broad range of property sectors including office, retail, industrial, residential and special uses.

Zoe commenced employment with **m3**property after working at Vicinity Centres as a leasing executive looking after the retail leasing of a variety of different shopping centres. Prior to this, Zoe worked for Jones Lang LaSalle as their South Australian strategic analyst specialising in market reports and in-depth market analysis and forecasting.

Qualifications

Bachelor of International Business (Property)
